PURITENE

Is a Soap in a Concentrated State.

A teacupful full of Puritene will do more work and be more lasting, if used according to directions, than any 25 cents' worth of soap. It contains no adulterations. It is made from pure and clean materials and is perfectly harmless to the clothes. It will not injure the skin but improve it. Remember Puritene will not injure the finest fabric. Never makes the hands sore.

TO THE PEOPLE OF MANSFIELD.

A few reasons why it is best to buy your Meats and Provisions of **F. D. SKINNER**. **1st.** He buys nothing but the best of everything. **2nd.** He confines himself wholly to the meat business. **3rd.** He has the best possible means of delivering, especially during the hot months. **4th.** He does all his work and therefore knows what will best suit every customer. **5th.** He has had eighteen years experience, which counts for something. **6th.** Whatever you order you always get, and at a price **no higher** than others get for an inferior article, as he pays spot cash for every thing, which enables him to compete with any and everybody.

Give him a trial, and he will convince you that it is for your interest to trade with him.
